The present section contains the following disassembly sequences:

- A) Parking brake caliper disassembly
- B) Parking brake lever disassembly
- C) Disassembling the parking brake lever cables

A) Parking brake caliper disassembly

Preliminary operations

- Put the car on a car lift (000000).
- Remove the rear wheel (060103).

Disassembling the caliper

1. Act on the screw (A-Fig.1) to zero set the automatic backlash device.
2. Use a pair of pliers to release the parking brake cable (B-Fig.2).
