The diagram illustrates the distribution of various elements across different geological units. The units are labeled at the top: 1X, 1V, 1U, 1S, 1P, 1N, 1L, 1J, 1H, 1F, 1D, 1C, and 1A. Below these labels are two rows of boxes representing element concentrations. The first row contains boxes labeled GY, W, GY, W, and a large box with a triangle. The second row contains boxes labeled B, G, *, D, L, R, B, G, Y, N, *, *, *, *, B, G, O, and *. The third row contains boxes labeled B, G, *, D, L, R, B, G, Y, N, *, *, *, *, B, G, O, and *.
