Figure 1: CAN bus system wiring diagram for the 2010 model. The diagram illustrates the electrical connections for the CAN bus system, including the ETACS-ECU, KOS-ECU, and various sensors and actuators. It details the wiring for the CAN bus, including the CAN driver circuit, interface circuit, and CAN2/CAN3 modules. The diagram also shows the connection to the engine ECU (B-10) and the engine ECU (A-13). The wiring is color-coded and labeled with pin numbers and connector types.
